

(SRI KADIDAL MANJAPPA.)  
record the tyrannical rule of Congress. I am glad to say that history will record the glorious rule of the Congress.

Sri S. SRINIVASA IYENGAR.—Leaving behind Vidhana Soudha.

Sri Kadidal MANJAPPA.—Even if Sri Srinivasa Iyengar becomes the Chief Minister or Sri Gopala Gowda becomes the Chief Minister, they cannot prevent shooting or lathi charge or some ugly incidents here and there. It is all easy to say anything that pleases us when we are not having any responsibility. An organisation or a party which has not shouldered any responsibility can easily make comments of any kind. But when the same party comes to power then it will realise that it is not as easy as speaking or making comments.

I have nothing to add. This is a non-controversial resolution. I commended this for the approval of this House.

Mr. SPEAKER.—The question is.

“That this House ratifies the amendments proposed to be made to the Constitution of India by the Constitution (Seventh Amendment) Bill, 1956, as passed by the two Houses of Parliament.”

*The motion was adopted.*

### **MYSORE KHADI AND VILLAGE INDUSTRIES BILL, 1956.**

#### **Select Committee report presented.**

Sri A. G. RAMACHANDRA RAO.—Sir, the House will remember that it referred the Khadi and Village Industries Bill to the Select Committee with a direction to give its report to day. I am laying the report on the Table. Hon'ble members will get copies of the report in course of the day.

### **MYSORE ESSENTIAL SERVICES MAINTENANCE (AMENDMENT) BILL, 1956.**

Mr. SPEAKER.—Now we will take up the Essential Services Bill for consideration.

Sri A. G. RAMACHANDRA RAO.—Sir, yesterday alone I said that I want to carry the House with me with regard to the reasonableness and utility of the Bill and get it passed. Though we all represent the interest of the labour, there are persons who are directly interested in that question. I have already submitted that more than 50 per cent have agreed with the reasonableness and utility of the measures. I also want to carry with me others. Therefore, I submit, further discussion on this may be taken up later.

Mr. SPEAKER.—I have no objection.

### **THE MYSORE LEGISLATURE (PREVENTION OF DISQUALIFICATION) BILL, 1956.**

#### *Motion to consider*

Sri A. G. RAMACHANDRA RAO (Minister for Law and Education).—I move:

“That the Mysore Legislature (Prevention of Disqualification) Bill, 1956, as passed by the Legislative Council be taken into consideration.”

Sir, this House is aware that till very recently the Life Insurance business was mostly carried on by private companies. A few States like Mysore also had a department of Insurance, but the bulk of business in the whole of India was in non-Governmental hands. But in 1956 an emergency Ordinance was passed nationalising Insurance business. Subsequently, it was enacted into law also. It is learnt that the business will come under a Corporation. But we are at an interval between the time that they belonged to non-Governmental business and the time that they would go to the Corporation. Now, according to the enactment most of the workers in the insurance line will become Government servants and their offices will become offices of profit. There are a large number of representatives from that business in the Legislature. In the Act, section 15 provides for exempting those who are

## BILL, 1956

engaged in insurance business from becoming disqualified on that reason. The enactment was passed and the Government of India have sent a letter to this Government pointing to us the desirability of removing disqualification in respect of those members who are already sitting members. There is also another aspect of the matter, namely, we are going to have general elections shortly and those who are engaged in insurance business would be deprived of the opportunity of contesting the election. Therefore, in order to remove the disqualification this Bill has been brought before this House. I submit that this is a very important and useful measure and request that this may be taken into consideration.

Mr. SPEAKER.—Motion moved :

“That the Mysore Legislature (Prevention of Disqualification) Bill, 1956, as passed by the Legislative Council, be taken into consideration.”

**Sri A. G. RAMACHANDRA RAO.**—Sir, I sympathise with the category of public servants who come under Shanbhogues and Patels. I concede that they receive small remuneration and they have got to supplement their income by other means also. Their duty is not merely to collect revenues, though the salary or commission is very small, but they have other statutory duties also to perform. Till recently the insurance business was in private hands. Now, excepting a few officers at the top, the bulk of them have been absorbed. I have also pointed out that they are going into the Corporation separating itself from the Government business. Because they suddenly cease to be members and cease to be Government servants also, after an interval to protect their interest this measure is brought forward. A membership in the Legislature is very important. It has the power of controlling the executive Government, forming Cabinet or Council of Ministers or the Government itself. Therefore a subordinate of that Government should not be in a position to control that very Government. That is the principle involved. Therefore, whenever there is a Government servant who is in a subordinate

position, he cannot become the master as well. Therefore the conditions of this class of servants require a good deal of reform and I hope with the integration which is coming up, a speedy reform will be expedited and necessary relief will be given to this class of employees also. The principle is that a subordinate shall not become the master also. As a measure of relief this section has been introduced in the enactment itself and I believe very wisely and out of necessity.

We have been advised by the Central Government to put forward for the consideration of this House the present amending Bill, in identical terms. Therefore, in order to protect the principle which underlies the membership of the House, there is necessity for removing the disqualification which is of a temporary nature.

I request the support of this House for this motion.

**Sri P. R. RAMAIA (Basavangudi).**—Has such legislation been passed by the Parliament and also other legislatures?

**Sri A. G. RAMACHANDRA RAO.**—I do not know about other States. I learn that the Andhra Legislature has passed such an amendment already.

**Mr. SPEAKER.**—The question is.—

“That the Mysore Legislature (Prevention of Disqualification) Bill, 1956, as passed by the Legislative Council, be taken into consideration.”

*The motion was adopted.*

**Mr. SPEAKER.**—Clauses. The question is:

“That Clause 2 stand part of the Bill.”

*The motion was adopted.*

Clause 2 was added to the Bill.

**Mr. SPEAKER.**—Clause 1, Title and Preamble. The question is:

“That Clause 1, the Title and the Preamble stand part of the Bill.”

*The motion was adopted.*

Clause 1, the Title and the Preamble were added to the Bill.

*Motion to pass.*

**Sri A. G. RAMACHANDRA RAO.**—Sir, I beg to move:

“That the Mysore Legislature (Prevention of Disqualification) Bill, 1956, as passed by the Council, be passed.”

**Mr. SPEAKER.**—The question is:—

“That the Mysore Legislature (Prevention of Disqualification) Bill, 1956, as passed by the Council, be passed.”

*The motion was adopted.*

### THE MYSORE HOUSE RENT AND ACCOMMODATION CONTROL (AMENDMENT) BILL, 1956.

*Motion to Consider.*

**Sri A. G. RAMACHANDRA RAO** (Minister for Law and Education).—Sir, I beg to move:

“That the Mysore House Rent and Accommodation Control (Amendment) Bill, 1956, as passed by the Legislative Council, be taken into consideration.”

This is a very simple measure. The House Rent and Accommodation Control Act prescribes a period during which it will be in force. That period expires by the end of 1957 and particularly now the position of housing in urban areas has become bad and it is expected that with the integration of new areas, the rush for accommodation will be very great. Hence the necessity for continuing this enactment. The amendment seeks to continue the enactment for a further period of two years.

**Mr. SPEAKER.**—Motion moved:

“That the Mysore House Rent and Accommodation Control (Amendment) Bill, 1956, as passed by the Legislative Council be taken into consideration.”

**Sri B. NARAYANASWAMY** (Mysore South).—I would like to know from the Hon'ble Minister whether he could furnish some information, whether any

opinion has been taken from different Bar Associations in the State before asking us to extend the duration of this enactment up to the year 1959. It is better that the House is apprised of the information whether the Government has collected the necessary data to warrant the extension of this measure.

**Sri A. G. RAMACHANDRA RAO.**—We have not yet collected the opinion of the Bar Associations. But we have the Governmental Agency who are bound to supply information to get the required information. Based on that information we are seeking for the extension of the life of this enactment by two years.

**\*Sri A. SHEEMAPPA NAIK** (Molakalmuru).—I too want to say something on this Bill, Sir. No doubt there may be a great demand for accommodation in Bangalore City in view of the States Reorganisation and the merging of other parts of the States. If they had sought to extend it from place to place, it was a different thing. Now because there is a little rush from other areas, would it be justifiable to extend the entire Act, which has an element of control throughout the State? It is always better that we remove controls as far as possible. Would it not be better for the Government to take power only so far as Mysore and Bangalore and other cities are concerned and leave the other areas from the purview of this legislation?

**Sri M. PALANIYAPPAN** (Ulsoor).—Sir, I want to ask how the House Rent Control is working in Bangalore. It was stated before that the intention was to have the House Rent and Accommodation Control measure only for two years. It is now being said that this measure may be extended by another two years. When the present Act was passed, it was done with very good motive and with the object of helping people to get houses easily and also to see that proper tenants are secured by the house-owners. What we see today happening in Bangalore and in other Cities where the Act is in force is that inordinate delay is taking place in allotting houses and when a house is to be vacated, the owner goes to the court seeking redress to turn
